

NEAL REDWANZ

Neal called for 25+ years. He called for 2 clubs on a weekly basis. Neal taught in the continuing education program on several occasions. Neal did one-night stands without the help of experienced dancers. Although Neal did not call the Advanced program, he and his wife did dance it for a period of time. He entertained at retirement homes by singing classic country songs for those beyond their dancing years. He believed a square dance is as much a social event as a dance event, and a square dance club should be part of your personal support group.
